## **LET'S GIVE FOULING THE RED CARD!**

People who visit, live or work in Kirklees tell us that they are fed up with the amount of dog fouling in public areas, especially in parks and recreation grounds, and we need to do something about it.

Although we already take action under various Acts and Byelaws, we need your help to really make a difference.

**If you are in charge of a dog**, you are entirely responsible for the dog's actions. Dog excrement is easier to clear up and dispose of at home so, if you haven't already done so, teach your dog to 'go' before you set off for a walk, that way no-one else is inconvenienced.

**If you see someone who doesn't clean up after their dog has fouled**, politely ask them to clear it up. If you don't feel comfortable about doing this, ring the Animal Enforcement Officers and they'll speak to the person concerned. They won't say who has complained.

**Help us to help you, teach your dog to go at home and ring the animal enforcement officers on 01484 226883 if you see anyone who does not clean up after their dog has fouled in a \*designated area.**

Together we can make Kirklees a cleaner and safer place in which to live, work and visit.

\* All land in the open air in Kirklees (with certain exemptions) to which the public has access is now 'designated land'. This includes all the parks and recreation grounds.

**IT'S TIME TO BLOW THE WHISTLE ON  
DOG FOULING!**
